Talking about your neighborhood

I live in a very **lively** area downtown. There are lots of cafes, shops and places to go

I live in a **quiet neighborhood** in the suburbs in the north of the city. It's a nice area but It's a little boring. There isn't really anything to do

چندتا مثال کلی کارکنیم باهم

I live in a two-storey townhouse. It has two bedrooms, a living room, a small kitchen and a garden. It's cozy and convenient for getting to work. But it's a bit cramped. Especially when we have guests. I live with my wife and daughter. Our house is near the city center, in a quiet neighborhood. There isn't much to do but there are some small shops and a park where we go if the weather is nice

I live by myself in a studio apartment. It just has one main room with a tiny kitchen. It's very warm in winter but it can get a bit stuffy in summer. I live in the city center very close to everything. It's very lively with lots of stores and restaurants. It's a good place for young people to live. But not many families choose to live here
