

آموزش با سریال how I met your mother

جلسه ششم - مدرس: علیرضا صادقیان

I should have kissed her

باید میبوسیدمش

وقتی قصد داریم در مورد کاری که در گذشته انجام دادیم یا ندادیم پشیمونی خودمون رو نشون بدیم از این ساختار استفاده میکنیم.

Subject + should + have + p.p

I should have told her

باید بهش میگفتم

You should have called me

باید به من زندگی میزدی

You shouldn't have kissed her

نباید اونو میبوسیدی

Mark my words... you will never see that one again.

A week? That's like a year in hot girl time.

The longer you wait to take action with a girl, the less likely it is that something will happen. If you get her number, **hit her up** within ۲۴ hours. If you want to get her on a date, ask her. If you like a girl you've been friends with, show her. If you think she looks cute in her dress, tell her. If you want to kiss her, go for it.

Why play the waiting game and "hope it happens"? That rarely works and you'll end up losing more opportunities than you'll gain. **Strike when the iron is hot** — before someone else does and while she's still interested. **Great women don't wait around.**

Mark my words

بین اینجا کجاست. یا حرفمو یادت باشه

Persuaded him to reconsider

او رو متقاعد کرد که نظرشو عوض کنه

Ledge

لبه پرتگاه

I'm gonna advise you that's **freaking crazy**

میخواهم این توصیه رو بهت بکنم که این کار دیوونگی محضه

I gotta **take the leap**

Take the leap: to go for something - to take a one's chances on something

اقدام کردن، شانس خود را امتحان کردن

Gotta: have got to

Under one condition

تحت یک شرایط

I do this **under one condition**

من اینکارو فقط تحت یک شرایط انجام میدم

This is totally going in my blog

The person who said that is so surprised and happy that the person is all dressed up and beautiful. They want to treasure this moment, so they will put it in their blog to keep it saved.

Pull over

بزن کنار

As I walked up to that door a million thoughts **raced through my mind**

همونطور که داشتم به سمت در میرفتم میلیون ها فکر و خیال تو سرم میچرخید.

I've got five dogs

من ۵ تا سگ دارم

اینجا از **have got** به جای فعل **have** استفاده کرده که باز هم معنی **داشتن** میده. به مثال های زیر دقت کنید:

I've got a child

من یه بچه دارم

I've got a modern car

من یه ماشین مدل بالا دارم

و اگر فاعلمون سوم شخص باشه تبدیل میشه به **has got**

She's got five dogs

A simple "no" would have sufficed
